Health Related Boards (HRB) is assisting the Tennessee Office of Homeland Security and Department of Health in preparing the State for emergency or crisis situations. Whether the crisis is the result of an act of bio-terrorism or the rapid spread of a communicable disease such as SARS, it is imperative that our healthcare community have a mechanism in place to organize and address the situation in a reasonable and timely manner.

It is the task of Health Related Boards to obtain and record email addresses and/or fax numbers for individual health care professionals. This data will then be used in a crisis or emergency situation to immediately alert health care providers throughout the State of Tennessee of the situation and plan of action. The information gathered will be used only for this purpose and will not be shared.

Please contact your HRB profession office today and provide this vital information for the health, safety and welfare of the citizens of the State of Tennessee. You may utilize the on-line Change of Address option on the board website at <http://tennessee.gov>, fax it to 615-741-7899, or email it to [elizabeth.lund@state.tn.us](mailto:elizabeth.lund@state.tn.us). If you choose to mail, fax or email the information, please include your name as it appears on your license, your profession, and your license number.

Thank you for assisting us in this important project.
